RECORD OF ROBBERY.

BALLOT BOXES CLEARLY REVEAL THE DISHONEST WORK OF THE GANG.

THE SLOAN-KESHLEAR RECOUNT

HOW DEMOCRATIC MINORITY WAS IL-LEGALLY TURNED INTO A MAJORITY.

Striking Evidence of the Manner in Which Crooks Changed the Ballots After They Had Been Delivered to Proper Officers.

The recount of the ballots cast in the precincts outside of Kansas City at the November election for William M. Sloan and Joseph B. Keshlear, candidates for county marshal upon the Republican and Democratic tickets, was finished yesterday noon by County Clerk Crittenden. As stated, while the recount was in progress, evidences of rascality was discovered in a number of the precincis. It was clearly shown that the ballot boxes had been reopened and the ballots tampered with during the interval between the time they were taken to the office of the county clerk by the election judges in the country precincts and the beginning of the recount. The frauds committed in these precincts were similar to those committed by the gang in the city precincts.

The returns of the judges gave Sloan 10,405 votes in the city and 3,601 in the Keshlear received 10,009 in the city and 3.977 in the county. After the forgeries committed in the office of the recorder of voters the figures stood in the city: Sloan, 10,383; Keshlear, 10,029. the city: Soan, 10,353; Keshlear, 10,028. The gang's experts took 20 votes from Sloan and gave them to Keshlear. The recount in the office of the recorder of voters made the vote in the city precincts 10,313 for Sloan and 10,123 for Keshlear. By the forgeries upon the tabulated sheets upon which Justices Hawthorne and Shannon figured up the vote in the city and by the alteration of ballots in the recorder's office Sloan lost gain in the city for Keshlear of 204

The recount in the county gives Sloan The recount in the county gives Sloan 2,551 and Keshlear 4,028, a loss of 50 votes to Sloan and a gain of 51 votes to Keshlear, making Keshlear's net gain in the country precincts 101. Sloan's loss in both the city and county is 140 and Keshlear's gain is 305. The returns of the judges gave Sloan a total of 14,004 and Keshlear a total of 13,986 votes in both the city and county, being a majority of 18 votes for Sloan. The majority of 50 an in the city was 394 and of

jority of 18 votes for Sloan. The majority of Sloan in the city was 394 and of Keshlear in the county 276.

For some reason unexplained by the men who constitute the gang, the vote of County Clerk Crittenden in some of the country precincts was also changed. In the North precinct of Independence Sloan lost 25 votes. He says that 23 of them were stolen out of the ballot hox and that he knows who cast these ballots and will have them in court to testify that they voted for bim. Crittenden was scratched on 52 hallots after they were taken to the county clerk's office, which was then occurred by T. C. Caldwell, his predecessor. Sloan gained 1 vote in the precinct Sloan lost 8 votes and Keshlear gained 2 votes. Critten-

and Keshlear gained 2 votes. Critten-den was scritched by the gang's ex-perts on 20 ballots. In the Fifteenth and Cypress streets precinct Sloan lost 7 and Keshlear precipet Sloan lost 7 and Keshlear gained 4 making a net gain in the precipit of 11 votes to Keshlear, Over 30 votes were taken from Crittenden. In the Elimwood precipit Sloan gained 3 and Keshlear lost 7 votes. In the Dodson precipit Keshlear made a net gain of \$ votes. In the West precipit of Westport Keshlear gained 7 votes and Crittenden was heavily scratched by the forgers. In the Hickman's Mills precipint Sloan lost 9 and Keshlear gained 7 votes, a net gain of 16 for Keshlear. Crittenden's vote was also materially refused by the emissaries of the gaing. Mr. Sloan says he will submit sufficient evidence in court to convince the client evidence in court to convince the judge and the public that he was elected by a majority of several bundred. He is prepared to show up the forgertes and
